

Pumpe Amiga MH 1100 M4

pump Amiga MH 1100 M4

Technisches Datenblatt / technical data

Pumpe		pump	
max. Förderleistung	90 l/min	max. flowrate	
max. Förderhöhe	52 m	max. height	
max. Betriebsdruck	5,2 bar	max. operating pressure	
Nennleistung max.	1,1 kW	power consumption	
max. Arbeitsdruck	10 bar	max. working pressure	
max. Temperatur des geförderten Mediums	40 °C	max. temperature of pumped liquid	
Pumpenlaufräder (Material)	Edelstahl / stainless steel	rotor discs of the pump (material)	
Pumpenschaft (Material)	Edelstahl / stainless steel	shaft of the pump (material)	
Pumpengehäuse (Material)	Guss + Edelstahl / cast iron + st. steel	pump body housing (material)	
Anschlüsse		connections	
Saugleistung	1x 1" IG 1x 1" female thread	suction side	
Druckleitung	1x 1" AG 1x 1" male thread	pressure side	
Trinkwasser	1x 3/4" AG 1x 3/4" male thread	potable water	
Netzanschluss		electric main supply	
Spannung	230 V	voltage	
Frequenz	50 Hz	frequency	
Steuerspannung	9 V DC	control voltage	
Schutzklasse	IP54 (not included)	protection class	
Abmessungen		measurements	
Breite	409 mm	width	
Höhe	205 mm	height	
Tiefe	155 mm	depth	
Gewicht	14,0 kg	weight
